

Electromagnetic lock

KDA-LOCK280ZW

power consumption	480mA for 12VAC / 240mA for 24VDC
Producer	KaDe
power	24 V - 12V DC
dimensions	229 x 38 x 27
Holding force for electromagnetic / maximum pressure 280Kg for electric bolt	
Assembly / execution options	Recessed
Additional functions	door lock sensor (Hall effect sensor), recessed
