

Electromagnetic lock

KDA-LOCK280ZO

power consumption	460mA for 12VAC / 220mA for 24VDC
Producer	KaDe
power	24 V - 12V DC
dimensions	210 x 42 x 29
Holding force for electromagnetic / maximum pressure 280Kg for electric bolt	
Assembly / execution options	waterresistant
Additional functions	door lock sensor (Hall effect sensor), waterproof
