

EXIT BUTTON

KDH-EXIT1015

The KDH-EXIT buttons are designed for operation in access control systems. They are structurally designed for surface mounting on different profiles. They have NC / NO / C contacts. Diverse cases and colors predispose them to be mounted on different surfaces. The robust mechanical structure (housing made of ABS plastic) guarantees reliable operation.

Model KDH-EXIT1015 due to the shape of the housing is designed for mounting on narrow profiles. It is a temporary model, pressed.

For indoor installation.

Contact type	NC / NO / C
Dimensions	86 x 43 x 22 mm
Type of assembly	surface
Producer	KADE
Temperature range	-10 to 55
Type	push
capacity	3A / 36VDC
