

Switching AC/DC power supply for DIN rail

EDR-120-24

The AC / DC switching power supply is intended for supplying devices requiring a DC voltage of 24V DC and a total efficiency of 5A @ 24V AC. It has the following protections: short circuit (SCP), overload (OLP), overvoltage and overheating (OHP). The power supply is housed in a housing adapted for mounting on a DIN rail.

TECHNICAL DATA:

- output voltage 24V DC / 5A
- supply voltage AC 90V - 264V
- protections:

SCP short circuit protection
overload OLP
thermal OHP
overvoltage

GENERAL:

- housing for mounting on a DIN rail
- working temperature $-25^{\circ}\text{C} \div 60^{\circ}\text{C}$
- dimensions 40 x 125 x 113 [mm] (WxHxD)
- weight 0.6 kg
