

## Proximity card reader

### C-10-W26/34

Series of proximity card readers C-XX includes the following models:

C-10-W26/34

C-10-W40/44

C-20

C-61-W26/34

C-71-W26/34

These models differ in housing but are identical in terms of electrical parameters. Varied housing and colors matching the chosen model to the place and manner of assembly and to the interior color. The C-20 model is equipped with a keypad. Models without keypad have switched output formats (see info on page 6). All models are suitable for indoors and outdoors.

|                           |                            |
|---------------------------|----------------------------|
| Reader type               | proximity                  |
| Card standard             | unique                     |
| Operating frequency       | 125 kHz                    |
| Read range                | up to 10 cm                |
| Supply voltage            | 9 - 15 V DC                |
| Current load              | 150 mA                     |
| Output interface          | Wiegand                    |
| Output bits               | 26, 34                     |
| Hardware connection       | pigtail                    |
| Color                     | black                      |
| Dimensions                | 100 mm x 70 mm x 22 mm     |
| Indoor /outdoor           | for indoor and outdoor use |
| Temperature range         | -15°C to 55°C              |
| Humidity (non-condensing) | 0% - 90%                   |
