KaDe

Professional terminal for remote body temperature measurement

KDH-KZ6000FR-IP

6000 KaDe		.::KaDe
0000 <i>IP</i>	OPERATING SYSTEM	
	OS	Embedded LINUX
FUNCTIONS	Configuration	Via touch screen, via web-browser
11:265+	DISPLAY	
	Display Screen	8-inch LCD touch screen
	Resolution	1280x800
KEY FEATURES	Contrast	500:1
 Detection of people with 	TEMPERATURE MEASUR	REMENT
 elevated temperatures Non-contact body temperature measurement using infrared Content analysis based on 	Measurement range	32~43°C
	measurement accuracy	± 0.3 °C
	Measurement distance	0.25~0.75m
Deep Learning	BUILT-IN CAMERA	
• Configuration of the door	Sensor	2 MPX, 1/2.8"
unlocking mode	Lens	Dual-lens, f=3.97mm/F1.6
Human-sounding voice prom		120db
Web-server	FACE RECOGNITION	
 Detection of people not wearing masks 	Height range of face recognition	$1.2 \sim 2.2 m$ (the recommended installation height is $1.35 \sim 1.5 m$)
 Measuring accuracy up to +/- 0,3°C 	Face recognition distance	0.3~2m
•Alarm Outputs	Face recognition duration	\leq 0.5 s per person
Data storage on SD card	Face capacity	20 000
• 8-inch LCD touch screen	Face recognition accuracy	99.7%
•Two-way audio	SUPPLEMENTARY LIGH	Т
_	Built-in	Soft white light, IR light
		1 2
DIMENSIONS	Light distance	1~3m
DIMENSIONS	Light distance AUDIO	1~3m
DIMENSIONS		Yes (noise reduction and echo cancellation)
-	AUDIO	
-	AUDIO Two-way talk	Yes (noise reduction and echo cancellation)
-	AUDIO Two-way talk Audio Input	Yes (noise reduction and echo cancellation) Built-in microphone
-	AUDIO Two-way talk Audio Input Audio Output	Yes (noise reduction and echo cancellation) Built-in microphone Built-in speaker 1 x Ethernet - RJ-45 interface, 10/100 Mbit/s
-	AUDIO Two-way talk Audio Input Audio Output INTERFACE Network Interface	Yes (noise reduction and echo cancellation) Built-in microphone Built-in speaker 1 x Ethernet - RJ-45 interface, 10/100 Mbit/s 2
-	AUDIO Two-way talk Audio Input Audio Output INTERFACE Network Interface Alarm Input -Exit button" Input	Yes (noise reduction and echo cancellation) Built-in microphone Built-in speaker 1 x Ethernet - RJ-45 interface, 10/100 Mbit/s 2 1
-	AUDIO Two-way talk Audio Input Audio Output INTERFACE Network Interface Alarm Input "Exit button" Input Alarm Output	Yes (noise reduction and echo cancellation) Built-in microphone Built-in speaker 1 x Ethernet - RJ-45 interface, 10/100 Mbit/s 2 1 2
-	AUDIO Two-way talk Audio Input Audio Output INTERFACE Network Interface Alarm Input "Exit button" Input Alarm Output Door lock Output	Yes (noise reduction and echo cancellation) Built-in microphone Built-in speaker 1 x Ethernet - RJ-45 interface, 10/100 Mbit/s 2 1 2 relay type, NO/NC (option), adjustable delay and duration
-	AUDIO Two-way talk Audio Input Audio Output INTERFACE Network Interface Alarm Input "Exit button" Input Alarm Output Door lock Output Wiegand Interface	Yes (noise reduction and echo cancellation) Built-in microphone Built-in speaker 1 x Ethernet - RJ-45 interface, 10/100 Mbit/s 2 1 2 relay type, NO/NC (option), adjustable delay and duration Input / Output (26/34)
-	AUDIO Two-way talk Audio Input Audio Output INTERFACE Network Interface Alarm Input "Exit button" Input Alarm Output Door lock Output Wiegand Interface RS-485	Yes (noise reduction and echo cancellation) Built-in microphone Built-in speaker 1 x Ethernet - RJ-45 interface, 10/100 Mbit/s 2 1 2 1 2 relay type, NO/NC (option), adjustable delay and duration Input / Output (26/34) 1 (half duplex)
-	AUDIO Two-way talk Audio Input Audio Output INTERFACE Network Interface Alarm Input "Exit button" Input Alarm Output Door lock Output Wiegand Interface RS-485 SD card Interface	Yes (noise reduction and echo cancellation) Built-in microphone Built-in speaker 1 x Ethernet - RJ-45 interface, 10/100 Mbit/s 2 1 2 relay type, NO/NC (option), adjustable delay and duration Input / Output (26/34) 1 (half duplex) 1 x microSD, up to 128GB
-	AUDIO Two-way talk Audio Input Audio Output INTERFACE Network Interface Alarm Input "Exit button" Input Alarm Output Door lock Output Wiegand Interface RS-485 SD card Interface USB Interface	Yes (noise reduction and echo cancellation) Built-in microphone Built-in speaker 1 x Ethernet - RJ-45 interface, 10/100 Mbit/s 2 1 2 relay type, NO/NC (option), adjustable delay and duration Input / Output (26/34) 1 (half duplex) 1 x microSD, up to 128GB 1
-	AUDIO Two-way talk Audio Input Audio Output INTERFACE Network Interface Alarm Input "Exit button" Input Alarm Output Door lock Output Wiegand Interface RS-485 SD card Interface USB Interface Ani-Tamper Interface	Yes (noise reduction and echo cancellation) Built-in microphone Built-in speaker 1 x Ethernet - RJ-45 interface, 10/100 Mbit/s 2 1 2 relay type, NO/NC (option), adjustable delay and duration Input / Output (26/34) 1 (half duplex) 1 x microSD, up to 128GB 1 1
